**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need to have more providers for this valuable service of broadband internet. We need this essential service to survive in the new world of technology.

We need fair competition and companies like SONIC help us middle America afford fast internet. We used to be with DSL and other service carriers but they got so expensive. It was refreshing to have another choice. I can only imagine that rural parts of America does not even have the same services, so all of America needs to get the same access.

I like being able to afford phone and high speed internet. This helps me thrive and in short, I am contributing as a productive citizen of the USA.

Thank you.

R. Gee and J. Hsu
